Thu, 06/23/2011 - 1:58pm — jporter

Attached are revised notes from the working session, which focused on tasks needed to get the Controlled Vocabulary incorporated into the LTER Controlled Vocabulary. The notes from the last working group session were expanded to include additional details regarding work on integrating the list into the LTER Data Catalog. Also attached is documentation for a web service that returns lists, in a variety of formats, of keywords based on their relationship to a target term.
